

BASIC BUCKET

The BASIC BUCKET labelling machine is the answer to any labelling process involving large-sized conical containers, such as buckets.

Its lifting-up and turning labelling system guarantees a precise and effective labelling for each single container.

Technical features:

- Max. label reel width: 125 mm / 205 mm
- Max. label reel diameter: 300 mm
- Label reel inside diameter: 76 mm
- Power supply: 230 V, 50 Hz
- Consumption: 1000 W
- Certification: C.E.

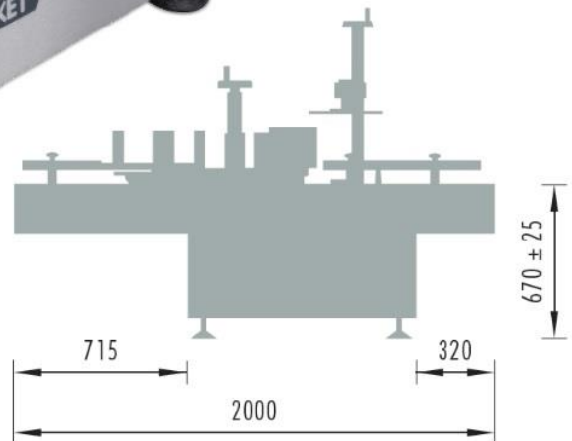

General features:

- Integrated control box
- Touch sensitive buttons and high luminosity
- Synchronised speeds up to 900 prod/h
- End reel control
- Missing label on the roll control
- Label counter

Options:

- Hot foil coder
- Automatic unwinder
- Product spacing
- Infeed/output products accumulation control

Product to be labelled:

- Format: conical
- Diameter: minimum 115 mm, maximum 300 mm
- Height: minimum 100 mm, maximum 380 mm
- Label position: one side, two sides,
positioned in relation to the product

* Standard machine. Please enquire for any other option.
